2011

WINTER FEELS GOOD PROGRAM

Winter Feels Good is a public awareness campaign that promotes the health, fitness and social aspects – and benefits – of snow sports participation. Snow sports are a great way to keep children (and adults) active year round.

**January Learn a Snow Sport Month.
Special Group Offer at Bear Mountain
Valid: Tuesdays-Thursdays
Groups of 15 or more**

Bear Mountain is offering a special group program Tuesday through Thursday during the month of January 2011. This program is available for children and adults who want to learn a snow sport or for those who want to improve their skills. The offer is part of Learn a Snow Sport Month, a national effort organized by the snow sports industry to get family, friends and schools outside in the winter to learn new activities and get some exercise. It is a great way to have your students stay active during the winter season. January is the perfect time to participate in the Winter Feels Good Program. Skiing and snowboarding is fun and easier to learn than many people think. Our professional snow sports instructors are ready to show your group how easy it can be. Bear Mountain has the largest beginner area in Southern California. First time beginners and novices have plenty of room to roam as well as beginner terrain to practice the new sport. Special rates are available for groups to enjoy a fun day on the slopes. For information on the program email sales@bearmtn.com or call 909-584-0220 or 909-584-0290.

General information about getting ready for a snow sports experience is available at www.winterfeelsgood.com
